this second volume in the series has abstracts of all of the grants from 1742 to 1775 a period that saw the formation and settlement of frederick fairfax culpeper loudoun fauquier and dunmore changed in 1778 to shenandoah counties in virginia and hampshire and berkeley counties now in west virginia altogether in more than 4 000 abstracts about 7 500 early virginia residents are cited all of them listed in the index

richmond county wills are extant only from 1699 but the compiler of this useful work has bridged the gap by substituting information from order books 1692 1699 thereby extending the possibilities for genealogical enquiry the entries which consist mainly of abstracts of wills and inventories and refer to about 8 000 persons are arranged throughout the work in chronological order

owing to an unfortunate error in clayton torrence s virginia wills and administrations it is widely believed that the early probate records of elizabeth city county do not exist this present volume is in large part a correction of that error and indeed the bulk of it is devoted to abstracts of the county s wills and administrations for the period 1688 to 1800 as an aid to research in the county now the independent city of hampton this work further includes such items as an index to land patents the quit rent rolls for 1704 tithables of 1782 soldiers of 1776 marriage records and lists of burgesses justices sheriffs clerks surveyors and much else besides
